

# SERVE TOGETHER

---

## SOCIAL ACTION COLLABORATIVE GRANTS

The ServeTogether Collaborative Grant program is designed to fund new initiatives and traditions between two or more organizations (one of which must be a service or social action group). Its aim is to encourage collaboration, cooperation, and community between student organizations who share a common vision for social progress. We look to support events that expand and refresh service at Duke and in Durham with up to \$1200 in financial and logistical support. ServeTogether grants will be awarded based on originality and feasibility as well as demonstrated attention to cost effectiveness and accountability.

Please email your completed application, and direct all questions, to [partnershipforservice@gmail.com](mailto:partnershipforservice@gmail.com) and [melody.wang@duke.edu](mailto:melody.wang@duke.edu).

### **PART III: FOLLOW UP**

We ask that organizations that receive funding from dPS send in a brief memo describing the event—challenges, successes, thoughts. Please complete it within a week after the event.

Also, please send us a couple photos so that we might showcase your event on our website or in other publicity outlets.

Finally, we ask that you list us as a sponsor in publicizing the event.
